## ACCESSIBILITY PLAN

The SEN and Disability Act 2001 extended the Disability Discrimination Act 1995 to cover education, the Children and Families Act 2014 strengthened and clarified this further. Since September 2002, the Governing Body has had three key duties towards disabled pupils, under Part 4 of the Disability Discrimination Act 1995 –

- Not to treat disabled pupils less favourably for a reason related to their disability
- To make adjustments for disabled pupils, so that they are not at a disadvantage
- To plan to increase access to education for disabled pupils

This plan sets out the proposals of the Governing Body of the school to increase access to education for disabled pupils in the three areas required by the planning duties in the Disability Discrimination Act 1995:-

- increasing the extent to which disabled pupils can participate in the school curriculum
- improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services
- improving the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled

The school has identified its priorities through:-
